Project Details

Project title:

Provide a name for your project/program/initiative. Your title should be short but descriptive

Anticipated start date**Anticipated end date**

If unknown, provide your best guess or leave blank If unknown, provide your best guess or leave blank

Please provide a short summary of your initiative

Be descriptive, but succinct. Include a brief summary of who this project is for (i.e. beneficiaries), what you will do (i.e. the activities you will perform), and what effects you expect to result from your activities (outcomes). Go to the Funding Centre's Answers Bank at <https://www.fundingcentre.com.au/answersbank#Qu1> if you need some ideas about how to frame your response.

Rationale / Theory of Change: Why are you undertaking this project or hosting this event? Does it address a need or issue in the community?

Tell us why your initiative is needed, and why you believe the activities you propose will produce the outcomes you seek. Provide statistics/evidence (where available) of both the need and the link between the work you will do and the outcomes you seek. Go to the Funding Centre's Answers Bank at <https://www.fundingcentre.com.au/answersbank#Qu2> if you need some ideas about how to frame your response.

Alignment - How does your project or initiative align with the outcomes of the City's Strategic Community Plan??

Please consult the program guidelines for more information about our program and organisational goals - see {{ Grantmakers: insert website address here }}. Go to the Funding Centre's Answers Bank at <https://www.fundingcentre.com.au/answersbank#Qu3> if you need some ideas about how to frame your response.

What are the primary areas of focus for this project/program?

You may select up to five items. You can select items from any area of the list – all have equal value. Only select sub-categories if you want to be more specific. In this question we want to know about the field of work (e.g. arts, sport, health), rather than the types of people it will affect (e.g. young people, refugees).

City of Kalgoorlie-Boulder Annual Grant Program

Form Preview

Please tell us about the outcomes you expect to result from this initiative.

Outcomes are the changes you expect to occur for the beneficiaries of your initiative. Generally outcomes can be framed as an increase or decrease in one or more of the following:

- Skills, knowledge, confidence, aspiration, motivation, (these are generally **immediate** or short-term outcomes)
- Actions, behaviour, change in policy (these are generally **intermediate** or medium term outcomes)
- Social, financial, environmental, physical conditions (these are generally **long-term** outcomes)

Immediate outcomes occur directly following an activity (e.g. within 1 month); intermediate outcomes are those that fall between the immediate and long-term (e.g. between 1 month and 2 years); and long-term outcomes are those we expect to see years later (e.g. 2, 5, 10 or 50 years after the activity).

We also want to learn more about the beneficiary groups you think your initiative will affect (**Primary** and **Indirect**), who you will work through to reach those groups or achieve your outcomes (**Intermediaries**), and how you propose to gauge whether your anticipated outcomes have been achieved - what you will measure and how (**indicators**).

If you need more help understanding what outcomes are, read the materials at:

<https://ourcommunity.com.au/evaluation>

List your initiative's anticipated outcomes and attached information in the following table. Leave blank any fields that do not apply to your initiative.

Anticipated Outcomes	Timeframe	Indicator	Verification Method
Outcomes are the changes that you expect to occur as a result of your initiative. See information above.	See description above	What you will use to measure this outcome - e.g. "change in teenage pregnancy rates from x to y"	e.g. survey; interviews; focus groups

Who are the expected primary beneficiaries of this project/program?

Please choose only the group/s that are at the very core of this project/program. If your initiative is open to everyone, choose the first item, 'Universal - no particularly targeted beneficiaries'

Please list any indirect beneficiaries you anticipate will or may be affected by your initiative.

Indirect beneficiaries:

City of Kalgoorlie-Boulder Annual Grant Program

Form Preview

Indirect beneficiaries are those who may not be targeted by your initiative but are nonetheless expected to be affected by it. For example, a country sports program might be expected to improve the health of the participants ('rural children and youth'), but also to contribute to strengthened community cohesion and capacity building through greater involvement in sports clubs ('rural adults'). You may add extra rows if required.

Please list any intermediaries you will work through or with to reach your beneficiaries and/or achieve your outcomes.

Intermediaries:

In order to induce changes in your target group, you may need to work through one or more layers of intermediaries. If you wanted to reduce ethnic prejudice, for example, you might want to work through teachers to change students, or even through teacher training colleges to change teachers. You may add extra rows if required.

What outputs are you expecting to produce through this initiative?

Outputs are the immediate, obvious, and (usually) countable changes a project/program generates. Examples would include the number of trees to be planted, the number of classes to be held, the number people expected to attend a training course, the number of possums to be treated for a disease, the number of volunteers to be engaged.

List your initiative's intended outputs, including approximate numbers (if possible), in the following table. Leave blank any fields that do not apply to your initiative.

Number	Who or What	Service / Product / Activity	Timeframe
(Approximate, or leave blank if unknown)	e.g. parents; trainees; trees; possums; books	e.g. trained in first aid; planted; provided treatment; delivered	e.g. over life of program; per annum; per month

Does this initiative have community support? In particular, do the beneficiary and/or geographic communities affected by this project/program support the activities you are proposing?

City of Kalgoorlie-Boulder Annual Grant Program

Form Preview

☐ Yes ☐ No ☐ Don't know ☐ Not Applicable
Evidence of community support is generally highly regarded as projects with community buy-in tend to be more successful.

What evidence do you have that this project/program has community support?

Go to the Funding Centre's Answers Bank at <https://www.fundingcentre.com.au/answersbank#Qu7> if you need some ideas about how to frame your response.

Please upload letters of support (if available/relevant)

Attach a file:

A maximum of 5 files can be attached

What are the major steps / stages (i.e. milestones) involved in delivering your initiative?

What did you learn as a result of undertaking this project/program?

We are particularly interested in lessons that may help others who are undertaking similar work. Think about what you learned about your theory of change. How accurate were your assumptions (were they 100% right, only partly right, or were the results a complete surprise?); how adequate were your inputs (money, goods, skills, personnel, time - too much; too little; about right?); and what did you learn about the context of the project/program (timing; targeted beneficiaries; geographic settings; etc - were they right; wrong; about right?).

NOTE:

1. **Quotes must be provided for items or services over \$5,000.00.**
2. **The value of volunteer times can be calculated at \$25.00 per hour per volunteer.**

Your budget **MUST** balance (TOTAL INCOME AMOUNT = TOTAL EXPENDITURE AMOUNT). Please **do not add commas** to figures - e.g. type \$1000 not \$1,000 - this will ensure your figures for each table total correctly.
